

Dear Epiphany Community,

We have been carefully watching the development of COVID-19 over the last few weeks. Our Crisis Response Team and Board of Trustees have actively monitored the evolving situation, gathered information and consulted expert advice. We have come to the conclusion that, for the safety and health of our students, staff and community, we must exercise an abundance of caution and move to a virtual learning experience.

What does that mean for Epiphany? We are suspending in-person instruction from Monday, March 16th through Friday, March 27th. We will notify you by the 27th if we need to extend the suspension of in-person instruction. You will receive an email from your child's divisional director on Tuesday, March 17th. In this letter you will find instructions and information regarding what virtual learning will look like for your student. Virtual learning will begin on Wednesday, March, 18th.

If your child does not have a device or internet access, please contact your child's divisional director immediately to work out an individualized plan:

Lower School: Dr. Heather French [hfrench@epiphanyglobalschool.org](mailto:hfrench@epiphanyglobalschool.org)

Middle and Upper School: David Wang [dwang@epiphanyglobalschool.org](mailto:dwang@epiphanyglobalschool.org)

We advised Trent Campus students to take materials home with them that will be necessary for virtual learning. Henderson Campus teachers packed student bags with necessary items. If your student needs additional materials, both campuses will be open Monday and Tuesday from 8am-3pm.

We appreciate your support and understanding as we move through this virtual learning experience.

Blessings,  
Dwight

Dwight Carlblom, PhD  
Head of School
